

SEES RIFT IN
IRISH CLOUDS.Bitterest Feeling of Partisan-
ship Now Exists.Ireland Looks to America to
Solve Situation.Premier Opposed to Subject
Before Conference.BY HENRY M. HYDE.
(BY CABLE-BUREAU DISPATCH.)

LONDON, March 19.—I have just returned from Ireland. My instructions are to write a truthful and unprejudiced account of the tangled and tragic Irish situation. The more nearly I succeed, the more people will be enlightened. Almost everybody in Ireland is a blind and furious partisan. Whether it be the wild and fiery passion of the south or the cold, deadly rage of the north, neither can see in the other side anything but an object of hatred and loathing.

One must go back to the time of the American Civil War to get any idea of the depth and bitterness of feeling which exists in the distasteful green isle.

Yet I found certain indications and developments which seemed to promise the coming, however remotely, of a more reasonable and sane spirit. One of these hopes lies, strangely enough, in the Sinn Féin. What it is will be explained in detail later. Another is the wishful and awkwardly expressed desire, not among leaders, but among the rank and file of the Ulstermen, for a better understanding with their neighbors to the south. A third is the influence of the labor union, which embraces members in all parts of England, and of the Irish Department of Agriculture and Technical Education, which, under the direction of T. P. Gill, is uniting the farmers of the north and south in a common effort to advance agricultural interests of the island.

QUESTION IS INTERNATIONAL. Also it would be fair to say that among the British leaders, both in and out of the government, there is an increasing eagerness and almost painful anxiety to settle the Irish question honestly, fairly and permanently.

It is a delicate matter for a foreigner—an alien who must register with the police on entering and leaving a British city—to discuss with Irishmen what forms freedom of Ireland should take.

Before I went to Ireland I talked the matter over with a considerable number of British statesmen and leaders of opinion. I found a unanimous opinion that Ireland had become an international question. They were quite willing that an American journalist should visit Ireland, make his own investigation and describe fully and fairly what he found and saw.

In Dublin both the Sinn Féin executives and the old Nationalists are eager to appeal to American public opinion. We may say quite positively and frankly that both the Sinn Féin and the nationalists base their only hope of a speedy attainment of the Irish question on President Wilson. They hope—although it is not a confident hope—that he will persuade Lloyd George and the British government to bring the Irish question before the Peace Conference.

PREMIER OPPOSES IT. On the other hand I was told by a Nationalist leader that the Irish Premier had declared that under no circumstances would he agree to such a course.

Only at Belfast was I cordially, but firmly, warned that I was meddling in something that was none of my business. The warning came from one of the most powerful of the Ulster leaders, but it was conveyed in no offensive or surly way. It is certain that Ireland by the action of our or its own people is becoming, if it is not already, a subject of the greatest interest to all Americans concerned.

The week before I went to Ireland, Mr. Creel, about to give his duties as head of the Committee on Public Information, is still using his eyes and ears for the administration. Mr. Creel sailed for the United States in time to report to President Wilson before that statesman returned to Paris. Whether he did so I am not sure, but he certainly is a nationalist leader that Creel expressed the opinion that the Irish cause would be the controlling issue in the next Presidential campaign.

This leader, admitting his lack of intimate knowledge of the policies of the United States, said he understood an effort would be made to concentrate the Irish vote in America to support whichever party made the Irish cause its own in the coming Presidential campaign.

PEOPLE ARE GRACIOUS. Before I try to tell in detail what I saw and heard in Ireland I would like to say that everybody in Great Britain and in both the north and south of the island did everything possible to help me get information and to put me in touch with people who were best acquainted with conditions. Men of all factions—and there are four or five—were equally kind. Before I left London I had the assistance of experts of the Irish government at 10 Downing street, dignitaries of the church, of members of Parliament and of members of the government.

In Dublin I had a delightful talk with John Dillon, met the Sinn Féin executive, and met the most enthusiastic crowd I ever saw and heard her address her "fellow rebels."

I met delegations of Irish farmers, talked with police officials, with British officers, spent an hour with Mr. Gill, saw the green and white and orange flag of the Sinn Féin openly flaunted in the streets and mingled with all sorts and conditions of folk.

In Belfast I spent an hour with Mr. George Clark, head of one of the greatest shipbuilding companies in the world, talked long with a group of Ulster labor leaders, and met newspaper editors, police officials, and army officers again, and had every opportunity to rest the temper of the people. In the small town I visited the same facilities were opened to me.

Wishing that, with whom should I work but the President of the United States? That he is also head of the Democratic party is a mere accident to our mind, and if the President had been a Republican, we should have been at exactly the same pains to understand his point of view and work with him.

The Times points out that there were at the opening of the conference two general views as to the kind of peace that the world ought to have—the French view and the American view—and adds:

"No views of settlement were so clearly identified with this country as these two were with France and America. The chief instrument of the American view was the League of Nations. This ideal is in one thought another almost as old as international law, and nearly every country in the world has at one time or other contributed to it, but its application to the problems of this war came from America in the first instance."

"There is therefore no question at the conference of our imposing a policy of our own. What we have done was to seek to secure as far as possible the French and American views."

"Our policy at Paris has been that of mediator and interpreter."

CARD RATING SYSTEM FOR EMPLOYEES URGED.

(BY A. P. NIGHT WIRE.)

NEW YORK, March 20.—Application to industry of a card rating system for employees, similar to that used in the army, was urged as a step toward solution of labor problems by speakers at a round-table conference here today of the Society of Industrial Engineers.

W. S. McArthur of Armour & Co., Chicago, explained the personnel system now employed in the meat-packing industry, asserting its ratings had proved of great value in placing men, had brought about a valuable check on promotions through favoritism and had stimulated ambition among workers.

The ratings, he said, are made by immediate superiors of the men, but are carefully studied by the higher up in the organization. Those who have been promoted have not been permitted to know their ratings, but this privilege will be granted.

Fred H. Rindge, secretary of the industrial department of the Y. M. C. A., said his experience had shown that employees were in favor of the rating system and asserted it tended to stimulate "every employee from the bottom of the list up."

The work of the organization, he said, had been especially successful in the cotton mills of the South, and in the mines of the West, Pennsylvania, Colorado and Wyoming.

SAN LUIS PIONEER DIES.

(LOCAL CORRESPONDENCE.)

SAN LUIS OBISPO, March 20.—Aaron Z. Sinsheimer, age 30, one of the best-known pioneers of the county, who died here of heart failure, was buried here today. He had been a resident of the county for over 45 years. Mr. Sinsheimer served from the beginning of the Civil War, and was for eleven months in a Confederate prison. He is survived by his widow and nine children.

Jamaica Considers Tax on Shipping.

(BY CABLE-BUREAU DISPATCH.)

KINGSTON (Jamaica) March 19.—The Executive Council is considering an income tax bill which would impose a tax on all insurance and shipping companies doing business with Jamaica.

A Reliable Cough Medicine.

"I have given Chamberlain's Cough Remedy to my five children on the occasion without number for the past fifteen years. It is the only remedy I could rely upon to cure coughs and colds and my children have no equal. The children take it willingly," writes Mrs. C. O. Nesbitt, Vandergrift, Pa. (Advertisement.)

ESTABLISHED 27 YEARS AGO. Chamberlain's Cough Remedy, Cough Syrup, and Cough Tablets, are sold by all druggists.

KNIFE OF SURGEON
SETS ASIDE DEATH.

(BY A. P. NIGHT WIRE.)

CHICAGO, March 20.—Prof. Octave Laurent, M.D., of Paris, France, has been invited to make his future home in Chicago as a result of a pledge of an unnamed philanthropist to finance an "institute of life" for the famous heart surgeon.

Prof. Laurent gained worldwide fame by his successful operation on a French soldier who had been shot through the heart. During the war he made other similar operations with success.

In his first experiment the patient had been shot in the right side of the heart, near the valves, and the bullet lodged there. The soldier was to all appearances dead. The surgeon removed the bullet, cleaned and closed the wound and then, by artificial means, set the heart to beating again. The patient is said to be alive and strong today.

ATTITUDE OF BRITAIN THAT OF INTERPRETER.

TRIES TO RECONCILE FRENCH AND AMERICAN VIEWS ON LEAGUE OF NATIONS.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, March 20.—(British Wireless Service.) The League of Nations controversy in the United States as bearing upon the English attitude is the subject of the following comment in the London Times:

"The English, without distinction of party, regard a better understanding with Americans as the crown of victory. It is uniformly the ideal that so many of us on both sides of the Atlantic have at heart, that party feeling should be running so high just now in America, and that we who are working with President Wilson in Paris should furnish the stick with which the Republicans are hatching the Democrats."

"We have no wish to take sides in party controversies and have been at some pains to avoid even the suspicion of doing so. Our sole wish is to work with the American people in what we believe to be as much their ideals and interests as our own."

"Wishing that, with whom should I work but the President of the United States? That he is also head of the Democratic party is a mere accident to our mind, and if the President had been a Republican, we should have been at exactly the same pains to understand his point of view and work with him."

The Times points out that there were at the opening of the conference two general views as to the kind of peace that the world ought to have—the French view and the American view—and adds:

"No views of settlement were so clearly identified with this country as these two were with France and America. The chief instrument of the American view was the League of Nations. This ideal is in one thought another almost as old as international law, and nearly every country in the world has at one time or other contributed to it, but its application to the problems of this war came from America in the first instance."

"There is therefore no question at the conference of our imposing a policy of our own. What we have done was to seek to secure as far as possible the French and American views."

"Our policy at Paris has been that of mediator and interpreter."

INDUSTRY PLAN NOW COMPLETED

French, British Have Similar Export Embargoes.

How America in New Role with a Clear Field.

Will Supply World with Basic Material.

BY A. P. MERRY WIRE.

WASHINGTON, March 26.—(Merry Wire.)—The French government has completed its plan for the export of raw materials, and it is regarded by government officials here as evidence that the Allies have completed their plans for reconstruction and now are ready to put them into effect.

The French and British have established a pool in this country to purchase raw materials. The pool is a joint venture of the French and British governments, and it is a limited liability company. The pool will purchase raw materials in this country and export them to the Allies. The pool will also purchase raw materials in the United States and export them to the Allies.

The pool will purchase raw materials in this country and export them to the Allies. The pool will also purchase raw materials in the United States and export them to the Allies.

INCREASE IN FARES

WOULD HAVE SAVED IT

SHONTS SAYS COMPANY FOR-
SAW TROUBLES WHEN IT
ASKED TO RAISE

(BY A. P. HUNT, WIRE)

NEW YORK, March 20.—Theodore P. Shonts, president of the New York Railways Company, for which a receiver was appointed today, stated a statement tonight asserting that the company had foreseen "the trouble" it was in when on May 22, 1918, when it first sought permission to charge increased fares.

A 7-cent fare, with a 3-cent charge for transfers, he said, probably would have prevented a receivership. The company had asked for an 8-cent fare, with a 3-cent charge for transfers, but it refused to cover the city's investment in the line.

The bill is equity under which Judge Mayer granted the receivership. Shonts asked a temporary injunction restraining creditors of the line or its subsidiaries from pressing claims pending a hearing upon the merits of the case. It is alleged that the company is unable "by reason of lost credit" to finance its overdue bill of \$14,000,000. He stated this application was set for March 21. The New York Railways Company, which had been made up of seven merged surface car lines, and was capitalized upon reorganization at 777,193.44 in 1916, now has \$67,292 in first mortgage bonds and \$10,160,000 in issued land mortgage bonds.

The application alleged "gross danger" of the system being broken up, and made in separate units. This, it was deemed, would place a great hardship upon the public by reason of the loss of transfer privileges and would endanger the lines themselves because several of them were not equipped with necessary power plants to operate singly.

BAKER REPLIES TO
CHAMBERLAIN ATTACK.

SENATOR CAUTIONED TO BE
KNACKE. SYSTEM HE IS
NOW CRITICIZING.

(BY A. P. HUNT, WIRE)

YUMA (Ariz.) March 20.—Newton D. Baker, Secretary of War, on route from Los Angeles to El Paso, Tex., tonight replied to the charges made today in Washington by Senator Chamberlain that the receiver of the Santa Fe system was under the influence of reactionaries opposed to the government's plan to take over the system by asserting that Senator Chamberlain himself caused to be

Secretary Baker's statement is as follows:

"I cannot permit myself to be drawn into a newspaper controversy with Senator Chamberlain about officers of the army whom I hold an official relation and without conducting it most judiciously and diplomatically upon all the evidence I can obtain."

"That duty is mine and not Senator Chamberlain's, and I shall perform it, unbiased, and without abuse or agitation."

"It is important, however, to note that the system of court-martial and of military justice which the senator attacks is one which has almost ceased to be enacted in 1916 when it was presented by me as a reform and a moderation of the previously existing system."

"It is also important to note that the bill, which I sent to Senator Chamberlain, which I sent to the Military Affairs Committee of the Senate more than a year ago, and which I have now introduced on the occasion for the present discussion, was, as far as I know, never even considered by the Military Affairs Committee for consideration."

JOHNSON HAS DRASTIC IMMIGRATION MEASURE

(BY A. P. NOTIC WIRE.)

CHERRYBON (Wash.) March 29.—Representative Albert Johnson, Republican, who will be chairman of the House on immigration matters in the next Congress, will reintroduce on the first day of the session the bill providing for the suspension of all immigrants for the next four years, he announced on his arrival some today from the national capital.

He will add to the bill a clause providing for the deportation of all immigrants in violation of laws for citizenship in order to evade the draft, and another clause providing for the suspension of citizenship of naturalized citizens who agitated revolt and advocated the overthrow of the American system of government.

HELPS SELF PROMISES NOT TO COME AGAIN.

(BY A. P. NOTIC WIRE.)

HACHITA (N. M.) March 29.—Bucktail Spencer, negro ranch foreman at Ojitos, Chihuahua, who was recently released by Martin Lopez's band and after the Warren Cattle Company paid \$5000 ransom, reached

Porter Mexican side, early today, and reported Lopez had left the Warren properties yesterday with his 300 men, taking 150 head of cattle and 100,000 pounds of bacon. Lopez promised not to molest the ranches again. He is forcing all Mexicans to join bands of 100 men. The Mexicans fear the burden because of Lopez's exorbitant demands for tribute, and are impressing all natives.

MESOPOTAMIA'S HERO NOW AT CONFERENCE.

(BY CABLE-EXCLUSIVE DISPATCH.)
PARIS, March 20.—Gen. Allenby, hero of the Mesopotamian campaigns, arrived in Paris yesterday. He went immediately from the station into the Peace Conference room at the Quai d'Orsay.

As commander-in-chief of the British expeditionary forces in Mesopotamia, Gen. Allenby is particularly well-informed on conditions in that part of the world. His opinion is to be of service to the conference.

Gen. Allenby, accompanied by his chief of staff, Sir Lewis Boken, was met by the British ambassador, and members of the British peace mission.

to the Crossing.

Two deputy Sheriffs, one a woman, were instantly killed and another probably fatally injured late yesterday afternoon when a county machine, in which they were riding, was struck by a Winter-bound Pacific Electric car at the Rio Hondo crossing on Telegraph road.

JOHNSTON, Mrs. Mattie V. Johnston, wife of David Johnston, T. Johnston, and Fred Johnston, 1234 N. W. 10th St., Magnolia avenue, sister-in-law of Sheriff John C. Cline, and designated to care for the female ward

the sheriff's office, was riding in the front seat of the car, which was being driven by Deputy Sheriff James H. Hargard, for the last ten years chairman for the Sheriff's office. Both men were instantly killed by the bullet. The car was owned by Juan Reyes, of 1923 Carlton Way, known as a Spanish interpreter, residing in the tenebous and was traveling west by the train. H. Hargard, of Downey, arrived at the scene a few minutes after the crash and took the body of the slain sheriff to his machine, near a station to the Receiving Hospital, where was found that Reyes had

Three-Million-Dollar Diver Training Station Likely to Come Here.

House Naval Committee and What They Saw at the Harbor Yesterday.

The Congressional party, hosts and naval officers are seen at the lower right aboard a submarine chaser. Above them is the battleship Oregon tied up to pier No. 2. At the upper right, the submarine chaser is seen at the surface. At the lower right, inset, is Capt. Chauncey Shackford, commander of the Naval Training School, and chief of the harbor.

ARE DEAD; ONE IS DYING.

District Attorney's Men Get Evidence with Drill.

Important Indictments in Graft Cases Today?

Mayor Issues Statement in Administration's Behalf.

Would Cost Three Millions; Present Post Temporary.

A new submarine base to cost approximately \$3,000,000 may be the result of the inspection yesterday of Los Angeles Harbor by the House Committee on Naval Affairs, which is now investigating navy needs along the south Pacific coast.

Chairman Lemuel P. Padgett announced that future possibilities depend to a great extent upon the outcome of the peace conference.

He admits that the present submarine base at the harbor is only temporary and says that the proposed site for a permanent base would probably meet every need.

It has been suggested that a new base be established upon tide lands just to the left of the breakwater, on the inner side of the harbor. These tide lands belong to the city, and amount to 166 acres. The city stands ready to deed them to the government for submarine base purposes.

It will be necessary to put in bulkheads, and fill the tide lands by dumping upon them the silt removed by dredging out a deep channel. Congressman Henry D. Osborne, who is deeply interested in the plan, says it would cost approximately \$3,000,000 to create the base and equip it.

Another plan, which claimed the attention of the Congressional party yesterday, was the plan for constructing a channel one mile long and 700 feet wide through the outskirts of Long Beach, to convey the waters of the Los Angeles and San Gabriel rivers into the ocean and prevent the seasonal deposit of silt in the harbor. This project has already been guaranteed by a government appropriation amounting to \$1,600,000. Members of the Congressional committee assert that it has been costing \$40,000 a year to dredge the silt out of the harbor.

They say that the flood-control project in question will pay for itself in twenty-one years.

SHIPYARDS SURPRISE. Chairman Padgett expressed great surprise upon viewing the harbor yesterday. When he was here two years ago there was no shipbuilding except at the Crig yard in Long Beach, where shipbuilding was being carried on in a rather limited way.

While the party was at the harbor more than applying themselves to the construction of more than half a dozen ships, and for the benefit of the sailing Congressmen the Southern Shipbuilding Company launched the West Cavalant at 11:35 o'clock in the forenoon. Miss Theodosia, daughter of San Pedro was its sponsor.

As the new \$800-ton cargo vessel launched into the channel with a great splash of spray, the visitors moved to cheers. "I am indeed surprised at the wonderful progress that has been made at Los Angeles and Long Beach harbors in the past two years," remarked Congressman Padgett. "If this pace is continued for another two years I presume Los Angeles will need even more harbor appliances than it has now."

Yesterday's harbor inspection trip included everything from shipbuilding to submarine diving. The Congressional Delegation, consisting of Congressman Lemuel P. Padgett, William B. Oliver, Carl Vinson, William J. Browning, Frederick C. Hicks and John A. E. Johnston, concluded their visit by diving to the bottom of the outer channel in the P-2 submarine.

During the forenoon the necessity of having a more suitable submarine base was impressed upon the Congressional party by a parade of fourteen modern submarines up and down the harbor. The diving boats presented a decidedly warlike appearance, and the impression was intensified by the presence of the armored cruiser Yorktown and the battleship Oregon which were tied up at Pier 2, for public inspection.

Among the submarines now at the harbor are half a dozen which saw service in the Atlantic, and eight which have been doing defense work in the Canal Zone for more than two years.

The harbor training school and submarine bases were inspected by the Naval Committee. It was met by a party of officers led by Capt. Chauncey Shackford, the commander of the training school, and Commander E. D. McWhorter, Lieutenant Commander Mel. J. O'Connor, Maxwell, Wolfe and Crenshaw, and Lieutenants Loomis and Wade.

The harbor trip was conducted by the Los Angeles Chamber of Commerce, and luncheon was served at the Hotel Virginia in Long Beach. In addition to representatives of the Chamber of Commerce of Long Beach, the party included Mayor McFie, Morris Rathbun and others of the Los Angeles Chamber of Commerce, Congressman Henry D. Osborne, Congressman Charles H. Randall, members of the City Council and Harbor Commission, and representatives of the County Board of Supervisors.

Today the Congressional party will visit Pasadena, take luncheon at the Hotel Maryland, spend the afternoon at the Archdeacon School and leave for San Francisco on the Southern Pacific at night.

CAPT. SHACKFORD TO SUCCEED POUNDSTONE.

VETERAN CHIEF OF SUBMARINE BASE TO RETIRE; TRAINING HEAD HAS TWO POSTS.

After forty-five years in the service of his country, Capt. H. C. Poundstone, commander of the Submarine Base at Los Angeles Harbor, will retire from active service at the end of this month. He will be succeeded by Capt. Chauncey Shackford, now in command of the Naval Training Station, who will be given charge of both posts.

Capt. Poundstone is 55 years of age. He has been in the service for twenty years. He entered Annapolis at the age of 14 years and has been almost continuously in the service of the navy since that time. Prior to the war he was placed on the retired list for a short time, but was called back into active service and sent here to take command of the Submarine Base within a month after it was established.

"Shortly after I retire this time," said Capt. Poundstone last night, "I am going back to my home in the mountains of Virginia to spend the remainder of my days. I have served my country in a humble way, but I guess I've rounded out an average lifetime in the navy, and I think I'll enjoy private life during the remainder of my stay here below."

STEPHENS WON'T RUN.

City Attorney Says He Can't Afford to Stay in Office.

The following statement was issued yesterday by City Attorney Albert Lee Stephens:

"Daily for the past month I have been urged by personal interview, telephone and letter to run for reelection, and very recently three numerous signed petitions have been presented to me carrying the same message. I would be less than frank should I not admit that this evidence of appreciation and confidence has pleased me to the point of very seriously reconsidering my determination not to run. The people of Los Angeles have been very good to me and I do not want to be ungrateful; besides, I like the work, although it is hard and exacting. Underneath it all, however, lies the plain fact that I cannot afford it."

"It has been necessary for me to stand the expense of three campaigns to hold the office of City Attorney for six years, the length of one term of a Superior Court judge, and the salary is very much less."

"To the suggestion that there should be no change in the legal department because of the many pending enterprises of the city, I answer that this will always be the case, and that I shall gladly give my successor any information that I may have on pending matters."

AIRPLANES WILL PATROL BORDER.

Baker Says Service will be Established When Army is Reorganized.

(BY A. S. NIGHT WIRE.) EL PASO (Tex.) March 20.—The El Paso Herald received a special dispatch from its correspondent on the train with Secretary Baker, late today, stating the Secretary of War announced, after leaving Los Angeles for El Paso, that airplane patrols would be established along the Mexican border when the army was reorganized on a peace basis, and quoted Secretary Baker as saying that this was the best possible service to which the air service could be put.

The Secretary of War and Gen. March are scheduled to arrive here tomorrow afternoon for an inspection of Fort Bliss and the surrounding army camps, and a review of troops. They will leave tomorrow night for Fort Sam Houston, San Antonio.

RELEASE ROGERS IN CUSTODY OF FRIEND.

LAWYER AGREES TO GIVE UP STIMULANTS; LUNACY HEARING DEFERRED.

Earl Rogers, well-known criminal lawyer, was released yesterday from the psychopathic ward of the County Hospital, where he has been under observation for several weeks for excessive use of stimulants. His hearing before the Lunacy Commission was continued until May 29 and Mr. Rogers was paroled to the custody of Harry Brown, a friend of Hartford. Though eight local attorneys were subpoenaed for the hearing yesterday, no testimony was taken.

Mr. Rogers's condition has improved so markedly during the last few weeks that it was said the doctor life on Mr. Brown's ranch would put him in shape again.

In a statement to the commission, Mr. Rogers said that he is in good shape, that he has dropped all stimulants and will use none in future. Judge Reese made a condition of the parole that if Mr. Rogers does again resort to stimulants, Mr. Brown be to return him to the court at once.

ARMY OFFICERS HERE.

Gen. Guy Carleton, Col. John P. Wade and Col. W. G. Worrel are guests at the Hotel Clark.

RAIN IS GENERAL, BUT MOSTLY LIGHT.

Following is the precipitation up to last night:

Los Angeles	Storm	Season	Last yr.
Pomona	.20	10.41	11.10
Redlands	.24	10.60	11.21
Fresno	.20	6.70	8.67
Stockton	.24	9.23	10.60
Visalia	.22	9.38	11.18
Merced	.25	9.64	10.80
San Francisco	.24	11.21	11.77
San Jose	.24	9.15	10.77
San Diego	.20	9.23	10.74
San Bernardino	.22	1.07	1.71
San Bernardino	.22	1.07	1.71
San Bernardino	.22	1.07	1.71
San Bernardino	.22	1.07	1.71
San Bernardino	.22	1.07	1.71

For the second time within the memory of the oldest inhabitant of San Pedro, a light fall of snow was seen early yesterday morning at the harbor. The snow melted before daylight. Ramon Sepulveda, who was born nearly seventy years ago on the old rancho bearing his name, recalled yesterday that once when he was a boy snow covered the top of the Palos Verdes hills and at Santa Catalina Island.

Rain was general but not heavy throughout Southern California yesterday. Dr. Ford Carpenter, meteorologist for the local Weather Bureau, says the rainy season is not now over and heavy rains are not now to be expected. He predicts probable occasional showers today.

The rain yesterday was welcome, especially to grain farmers. It is estimated that the grain acreage this year in the Pomona section alone will exceed 3000 acres, and the grain, the farmers say, now looks better than usual at this time of the year.

Recent rains have made detours necessary on several automobile routes, and Santa Ana Canyon to Corona is closed, though the coast route is clear from Los Angeles to San Francisco. Travel to San Diego is being routed through Camp Kearny. Bonquet Canyon is reported as extremely muddy for motorists, and the Mint Canyon route through Palmdale and to Ellsworth Lake is advised by the Automobile Club of Southern California.

WIFE WORKED FOR WETS.

Helped Husband in Santa Monica Fight; Gets Divorce.

Mrs. De Lorea S. Andrieu, who was granted a divorce from Eugene P. Andrieu by Judge Taft, yesterday stated that she worked hard for her husband during the liquor fight to keep Santa Monica wet. Mr. Andrieu is manager of the Strand cafe, Venice. The couple had both been previously married, the court was informed. Mr. Andrieu was ordered to pay his wife \$75 a month alimony.

TO TAKE OUR DOGS.
A tax of \$5 a year on female dogs and \$2 a year on males was recommended by the Humane Animal Commission yesterday to the City Council. The matter was referred to the Finance Committee.

MORNING.

THE MORNING WATCH.

Where does the dawn of day begin?

When the sun first glows?

Where may we find the dawn?

Of the sunset side?

Where has the voice of music been?

When the harp is hushed?

Where is the love that we have known?

When the heart is broken?

What becomes of the light of day?

When the sun has set?

What of the soul that has been lost?

Yet can't forget?

What becomes of the story?

That the sunbeams take?

Where are the golden dreams?

When we awake?

The wave expands its dusky power

Upon the shore;

The poet lives his little hour

And sings no more.

Sweet summer's rainbow

By winter's breath;

And man, when his bright day

Lies down in death.

But gentle faith will still believe

With eyes all wet.

That friends, for whom the heart

Is living yet.

And wisdom, smiling through

Tears,

In patience waits

The glory of the endless years

Beyond the Gates.

The War and Your Gasoline

The first of a series of three statements

For obvious reasons the following facts of interest to the public could not be published during the war. They affected a vital war necessity regarding which the Government required secrecy. But now that the war is won, we are at liberty to make the following statement of facts:

Highly volatile gasoline for fighting-aeroplanes was one of the war needs. The output of this special gasoline by all the refineries east of the Rocky Mountains was not enough, so California was called upon to furnish a large part of the supply. At the request of the United States Government the Pacific Coast Petroleum War Service Committee apportioned California's quota among such of the large refiners as were able to make this special gasoline.

The Standard Oil Company, being the largest of these, had the greatest quota to fill. We were glad to do our part. We supplied more than our quota of aviation gasoline.

Aeroplane engines, operating high in the air under conditions of extreme cold and rarefied atmosphere, require a different gasoline than engines operating on the ground. In fact, the needs are so special that the gasoline manufactured for aeroplane use (often used at altitudes of from 20,000 to 25,000 feet) would be utterly indifferent for use in automobile or other internal-combustion engines operated on land or sea.

Aviation gasoline has to be highly volatile. It must vaporize rapidly even in the extreme cold

of very high altitudes. On its rapid vaporization alone must often depend the lives of the men in the aeroplane. This gasoline would not be good for general use. It would lack power on the ground, it would not be safe, its loss in storage by evaporation would be great, and it would be expensive.

Making aviation gasoline for the Government took a very considerable part of the low boiling point or highly volatile constituents of the crude oil, and, as a result, the gasoline left available for regular use lacked those qualities which assure easy starting of the automobile engine.

The Government's demand for aviation gasoline reached its maximum in the late fall of 1918, and then for a period of about six weeks the deficiency of Red Crown gasoline in low boiling-point constituents or easy-starting qualities was most apparent.

Now that the war is won and the great demand for aviation gasoline has ceased, we are again able to offer the same grade of Red Crown gasoline as formerly, with the same full and continuous chain of boiling points—from the low to the high—which is necessary for easy starting, quick and smooth acceleration, high power and long mileage.

STANDARD OIL COMPANY

(California)

VERNON CARD LOOKS VERY GOOD.

Lieut. Billy Soules and Willie Hunsfeld will box the main event at the Vernon arena tonight. It will be Soules' first appearance in the local ring in several years. At one time he boxed twelve main events at the Western Athletic Club, and then boxed a number of bouts in the Northwest. While in the army he has fought a number of bouts and acted as boxing instructor at Fort Bliss. Soules is a fair boxer and can hit.

Hunsfeld is one of the classiest of the local 135-pounders. Some of his bouts with clever, light-hitting opponents have not been interesting, but he puts up his best bout against a good hitter who will fight him, so it looks as if a good bout is on tap.

George Marks and Charlie Roselli will meet in the semi-windup. Both are clever little fellows. They were matched for last Tuesday night, but Marks hurt a foot and the bout was postponed. Roselli has considerable at stake in meeting the little fellow. Should Marks win it will come close to moving Roselli out of the semi-windup class as he is heavier than his opponent, and it will hurt his reputation to let the little fellow trim him.

Eddie Landon meets Gus Williams at 130 pounds. Williams is something of a fighter and his rough work against Landon's cleverness should result in a good bout. For the first time in several months Lee Moore will appear. He will meet Jimmy Staff, who beat Jack Pressler so handily a week ago. When he met Pressler Staff had had no chance to train, but with a week's work behind him he expects to make a good showing.

Jimmy Benton is matched with Harry Smith and Kid Layman will meet Danny Woodruff.

The first bout will start at 8:30 o'clock, and Fred Winsor will referee.

STAR ATHLETE IS BACK FROM SERVICE.

Lieut. John Sigler, former U.S.C. star athlete, returns to Los Angeles.

Backed by an interesting career, Lieut. John Sigler, one of the University of Southern California's star athletes, has been demobilized and is in the city. Sigler, while at Polytechnic High School, received a letter each in football, basketball and track in 1912. At U.S.C. he won his varsity letter in basketball, while still a freshman, and was regarded as the best center in the South. During his sophomore year he was athletic manager, and that year made the all-California football team in the 1916 season.

The following year he was president of the junior class and was chosen as one of the formers of the school's new student-body constitution. He is a member of Delta Beta Tau Fraternity, and several U.S.C. honorary societies. He left town last year to join the army, and was commissioned shortly afterward for merit. He was almost immediately appointed to army intelligence on account of unusual showing in the Officers' Training Corps, and received special responsibilities by Col. F. C. Lindsey, commanding the Sixty-second regulars. Later he was acting adjutant on the staff of Maj. Henderson at Camp Fremont. Later, at Camp Mills, L. I., he was under overseas orders, although he was recalled to take a flying course at Mitchell Field. While there he contracted the flu and pneumonia, and spent three months in the hospital.

He has been registered at U.S.C. and is eligible for two years' football track and basketball, and is regarded as a white hope of the institution. Combining business with pleasure, he has been appointed special representative of the Travelers' Insurance of Hartford, which line he expects to follow, he says.

FINE RECORDS OF TRACK CANDIDATES.

YOUNGSTERS WILL HAVE ABLE MARKS TO GO AFTER AT REDLANDS.

(SPECIAL CORRESPONDENCE.) REDLANDS, March 20.—A perusal of the record sheet of the college of Southern California in track shows that the ambitious youngsters who will be here Saturday for the college conference meet will have some very able marks to shoot at. But one man will be in the meet in an attempt to lower his own record. Kirby of Redlands, who last year stepped the 440 in 49 seconds, will attempt to shave this.

Some of these records have stood since 1906, a matter of ten years, particularly that of Hagerman, who jumped 52 feet, 4 1/2 inches in the broad jump. "Wild Bill" Yount, who is believed to be the best jumper in the south this year, frankly says that he will surprise himself some if he beats that. The following is the list of records:

Most of the records are so good that there is but little chance of them being lowered this year. But the colleges are so evenly matched that a very fine meet is expected.

TRIAL HEATS TO BE PRIVATE.

Drivers do not want Speed of Cars Disclosed.

Everything in readiness for Ascot Speedway.

Barney Oldfield's Famous Car to be Entered.

With every car in perfect condition and very driver ready for the biggest race of the season, the elimination heats for the All-Star Sweepstakes (to be run at Ascot Speedway, Sunday afternoon), will be held at 2 o'clock this afternoon. Doors will be locked and barred on these trial heats as soon as the drivers want the actual speed of their cars divulged to the public until Sunday afternoon, when it is expected that one of the most remarkable hub-to-hub races ever held in the West will result.

Eddie Pullen announced yesterday that he was satisfied with the condition of the giant Hudson car which he will drive in the Ascot race today. Pullen had little to do before the Santa Monica race, but all to pieces and put it together again and he knows just what it can do. With his knowledge of the Ascot track as well as the condition of his car, Pullen is going to start sparks on Sunday.

Cliff Durank, the Santa Monica winner, and his Chevrolet Sportster also ready for the race of his life. In fact there is so little to do from that any man who attempts to foretell the result of this race is taking big chances. The cars and the great drivers now available will be on the track—so what more can be said. Speed and daring of the sort to make an audience cheer and amusement is going to be the result.

Today the men will try out the positions which they had in the opening of the race. It was definitely decided yesterday in Barney Oldfield's famous Ascot Submarine and its driver will be announced later.

Seats are on sale at race headquarters, the George R. Smith Company, at 1011 South Grand street. Headquarters will be open every night until 11 o'clock to advise the date the public.

Weather indications for Sunday are perfect and the program will start promptly at 2:00, when Barney Oldfield's famous car will be the fastest car in the world, and for the world's speedway race.

Following are the winners of different events: High hurdles—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 100-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 220-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 440-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 880-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 1760-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 3520-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 7040-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 14080-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 28160-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 56320-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 112640-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 225280-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 450560-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 901120-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 1802240-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 3604480-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 7208960-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 14417920-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 28835840-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 57671680-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 115343360-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 230686720-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 461373440-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 922746880-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 1845493760-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 3690987520-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 7381975040-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 14763950080-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 29527900160-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 59055800320-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 118111600640-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. The 236223201280-yard dash—First, Foster Ewart; second, Galtus Kaler; third, Tom Ovington. TRIAL HEATS TO BE PRIVATE.

Drivers do not want Speed of Cars Divulged.

Everything in Readiness for Ascot Speedway.

Harney Oldfield's Famous Car to be Entered.

With every car in perfect condition and very driver ready for the biggest race of his career, the elimination heats for the All-Star Sweepstakes (to be run at Ascot Speedway, Sunday afternoon), will be held at 2 o'clock this afternoon. Doors will be locked and barred on these trial heats as none of the drivers want the actual speed of their cars divulged to the public until Sunday afternoon, when it is expected that one of the most remarkable hub-to-hub races ever held in the West will result.

Eddie Pullen announced yesterday that he was satisfied with the condition of the giant Hudson car which he will drive in the Ascot race Sunday. Pullen had little or no time to work on this speed whizzer before the Santa Monica races. This time, however, he has had the car all to pieces and put it together again and he knows just what it will do. With his knowledge of the Ascot track as well as the condition of his car, Pullen is going to show sparks on Sunday.

Cliff Duran, the Santa Monica winner, and his Chevrolet Special are also ready for the race of his life. In fact there is so little to chance from that any man who attempts to forecast the result of this race is taking big chances. The cars are the speediest ever seen here and all the great drivers now available will be on the track—so what more need be said. Speed and daring of the sort to make an audience quiver with excitement is going to be the result.

Today the men will try out for the positions which they hold at the opening of the race. It was definitely decided yesterday to enter Harney Oldfield's famous Golden Submarine and its driver will be announced later.

Seats are on sale at race headquarters, the George R. Bent Company, at 1015 South Grand avenue. Headquarters will be open every night until 9 o'clock to accommodate the public.

Weather indications for Sunday are perfect and the prospects are bright for a successful race.

De Palma in his Packard speedster is the fastest car in the world to date for the world's speedway record.

CLOSE TRACK MEET AT POMONA.

(SPECIAL CORRESPONDENCE.) POMONA, March 20.—In a very closely-contested track meet, the juniors of Garret Intermediate school met the juniors of the school, but the latter won by a score of 41 to 32. Gals Keler was the star for the seniors, who won the 44-yard dash, the best record for the juniors. The closest event was the 44-yard dash in which Joe Ellington finished one yard ahead of Gals Keler. Ellington won the 50-yard dash by only two yards, while Clarence Blanchard was winner in the mile run by only two yards. This was a gritty contest with Walter Coe well.

Following are the winners in the different events: High hurdles—First, Foster Ewart; second, Gals Keler. Third, Tom Ovington. Mile run—First, Clarence Blanchard; second, Gals Keler. Third, Tom Ovington. 440-yard dash—First, Joe Ellington; second, Gals Keler. Third, Tom Ovington. 150-yard dash—First, Joe Ellington; second, Foster Ewart. Wet Weather Halts Daily Practice of Los Angeles and Vernon Baseball Teams.

Wet Weather Halts Daily Practice of Los Angeles and Vernon Baseball Teams.

Los Angeles and Vernon baseball teams have been unable to practice today due to the wet weather.

The teams were scheduled to practice at the Los Angeles Coliseum, but the rain prevented them from doing so.

The teams will resume practice tomorrow if the weather improves.

The teams are looking forward to their upcoming games.

Star Polo Players at Coronado. Right to left: Maj. Colin G. Ross, Capt. R. G. Ervin, Maj. W. A. Robertson and Alvin Untermyer. In action at Coronado polo grounds.

FLYNN SAYS JESS MAY BE PINCHED.

The only exciting thing about this fight between Jess Willard and Jack Dempsey is the fact that Willard is liable to be battered for manslaughter. It's no contest at all. So says Jim Flynn, who has been engaged in mauling the heavyweights around in the ring for nineteen years.

Jim Flynn, who has been engaged in mauling the heavyweights around in the ring for nineteen years, says that he'll be fighting nineteen years more if they don't dig up some better talent than is running around loose now.

Flynn blew into Los Angeles yesterday prepared to do battle with anybody in sight, and will start training at Venice today for his exhibition bout with Jim Cameron, local negro heavyweight, for the benefit of a colored charitable organization. The fireman looks quite as big as ever, and says that he can still cause a lot of trouble among the big fellows.

The big fireman holds the distinction of being the only man who ever knocked Jack Dempsey out, having accomplished that feat with grace and a powerful right-hand swing in the first round of a fight early in the career of the present challenger for the title.

Jim, incidentally, mentions the fact that at that particular time, Fred Winslow, present referee at Vernon, was Dempsey's manager.

"You want to remember," says Flynn, "that when Jeffries and Johnson lost, their titles were not only fairly long in years, but they hadn't been keeping themselves in the best of condition for a few years before the big bout. Therefore, they fell victims before men who were younger, and in far better condition."

"It's a different story with Willard. He's got a wife and five children out on his ranch, and he's been taking the very best care of himself. He will be in fine shape, will have sixty pounds advantage in weight and six or eight inches in height; is a harder hitter and much more clever than Dempsey. It's no match at all."

GIANTS ARE OFF FOR FLORIDA CAMP.

(BY A. P. NIGHT WIRE.) NEW YORK, March 20.—Secretary Foster and ten of the players signed by the New York National League club left here tonight for the training camp at Gainesville, Fla.

The players were Hal Chase, Zimmerman, McCarthy, Smith, Burns, Doyle, Ryan, Terhune, Gillespie and Cleary. The last pair are local youths whom Manager McGraw has hopes of developing.

FULLER MAKES HIGH BOWLING SCORE.

(BY A. P. NIGHT WIRE.) TOLEDO (O.) March 20.—Bowlers of several cities and towns, competing in the minor events of the American Bowling Congress tournament here, today failed to accomplish anything that would include them in the money division.

The 621 total made by D. Fuller of Urbana on the first individual League pin left here tonight for the day without being beaten.

CHICAGO ATHLETE IS REINSTATED.

(BY A. P. NIGHT WIRE.) CHICAGO, March 20.—Joe Loomis, track star of the Chicago Athletic Association, was cleared tonight of charges of professionalism made by officials of the Central A.A.U. because he had written articles on athletics for a newspaper. Loomis agreed to donate the money he had received to the purchase of a trophy, which will be contested for in an A.A.U. meet.

INDOOR SPORTS FOR CUBS.

(EXCLUSIVE DISPATCH.) NORTH PLATTE (Neb.) March 20.—Chicago's champion Cubs took their first day of spring training today on the customary pinocle, hearts and P. G. exercises, intermingled with trips to the dining car.

No one was injured during the first workout, though Bill McCabe's voice was a bit lame from saying "That's good" in the P. G. drill, and Pete Kilduff showed signs of distress after the third trip to the dining car. By the time the sun sank behind the western hills the Mitchell squad had reached far enough west that fences were few and sand and weeds plentiful. They have to ride two more nights and two more days before reaching the green valleys of Southern California. Most of the athletes brought sufficient funds to continue the preliminary exercises that long.

In Omaha this morning Claude Hendrix, Pete Kilduff and Les Mann climbed aboard, thus completing the squad with the members who are already on the Coast. Their captions are Alexander, Bailey, Marriott and Stolz, who are still overseas.

CRACK TENNIS AT CORONADO.

A number of crack doubles teams have been formed to take part in the annual Coronado tennis tournament, which starts Monday and will continue all through next week. From the appearance of things at this stage of the game, this tournament will be one quite the equal of any of the premier tournaments as far as entries and interest goes.

From San Francisco will come Roland Roberts, the sensational youngster, who won singles championship last year, and a veteran San Franciscan, who excels in doubles. This is a combination certain to cut quite a few names from the list. The men who will be among the present, as will Clarence Barker and Marshall Ketchum.

TWO NEW MEN FOR SEATTLE.

(EXCLUSIVE DISPATCH.) BAKERSFIELD, March 20.—Two new players for the Seattle squad arrived in Taft today and were out this morning for a short workout in spite of the wet grounds. One of the men is Moose Marshall, a catcher from the Nashville team in the Southern Association. Marshall comes to the Seattle club well recommended, and will greatly strengthen the team.

The second man to arrive today was Jimmy Walker, an outfielder, who played last season with the Syracuse team. Captain Murphy was well pleased with the showing made by the new squad today. Most of the players are in condition and ready to go now to play ball if necessary.

In order to give all men a chance to show what they can do Murphy has arranged a game for Sunday between the Regulars and the Yannis with the first string pitchers to work for the Yannis club against the Regulars.

FRESHMAN CREWS WILL HOLD RACE.

(BY A. P. NIGHT WIRE.) JETICAUN, N.Y. March 20.—The Princeton varsity freshman crews will row the Cornell crews on Cayuga Lake, May 24. Spring regatta was officially announced today.

PASTOR AND ACTOR.

Comparing the successful clergyman in his pulpit to an actor, Dr. Henry Luback, of New York City, was the principal speaker last night at the meeting of the Church Club of Los Angeles. Dr. Luback said that to "put over" his work a preacher must do it by team work, being human, being unselfish and being natural, and by "living the part." The right Rev. Bishop Joseph H. Johnson spoke on "The Church's New Era."

GOLFERS BRAVE CHILLED OZONE.

Rain fails to dampen the Players' Enthusiasm.

Thirty-six Holes Completed at San Gabriel.

Finals in Tournament to be Played Today.

George, better known as Joe, Martin was yesterday's big hero in the first day's play for the Southern California open golf title at the San Gabriel Country Club. Right behind him came Dave Black of San Francisco, and it looks as though the south will have to place all hope on the well-known Joe to "bring home the bacon."

To revise the old-time saying, "It was a dark and stormy day," and some thirty-four golfers braved the chilled rains to contribute their bit toward making Southern California golf history, for this is one of the banner events of the golf calendar. Though the course was muzzed up a bit, all of the contestants had good scores.

Yesterday the first thirty-six holes of the seventy-two-hole medal play best ball was completed, and the remaining thirty-six will be staged today. Judging from the results thus far, it is more than possible that a new Southern California champ will be given his position in stardom when the tourney ends.

Martin rammed around the links and turned in a card for 149, while Dave Black of San Francisco was close behind him with 152. Harry Prender had 159, while George Carney registered 160. All in all, the boys were pretty much in form, and despite the fact that the fairways and greens were a bit slow, play was of the first magnitude.

Elmer Ralph was going "great guns" and took the lead of the amateurs. He was allowed a 4 handicap, and had 157, which left a total of 153. "Bill" Bacon ranked next with 165, 2 handicap and 162. W. J. Bowman was third with 168.

The tournament will be brought to a close today, and some dandy golf should take place. A sensational battle will be on with Joe Martin representing the south and Dave Black the north. Beautiful trophies and cash prizes will be awarded the best and second best net and best gross for the seventy-two holes.

Smoking Tobacco and Chocolate.

"Your Nose Knows"

Everybody likes chocolate! We all know that adding chocolate to anything as a flavoring always makes that thing still more enjoyable! The same holds true in the manufacture of smoking tobacco. All smoking tobaccos use some flavoring. That is the secret of the delicate, agreeable, pure fragrance of Tuxedo. The finest of carefully aged burley tobacco + a dash of pure chocolate gives that fragrance "Your Nose Knows" from all other tobaccos.

Y TO BANQUET ENLISTED MEN.

A monster banquet will be given in honor of the enlisted men who have been awarded free memberships at the Y.M.C.A. this evening at the local Y.M.C.A. Building. More than 800 soldiers and sailors have been invited by the Y.M.C.A. to attend the big feast.

Two genuine boxing bouts and one comedy affair have been arranged for entertainment for the men. In the first contest, Sammy Annenberg and Larry Glaser, two well-known local boxers, will clash, while Tommy Richard will meet a boxer that will be named by the Y.M.C.A. The comedy bout will be furnished by two enlisted men.

BAKERSFIELD TO BE REPRESENTED.

(SPECIAL CORRESPONDENCE.) BAKERSFIELD, March 20.—When the legislative highway committee begins their joint hearings to consider the bonding of the State for \$70,000,000 for the construction of more permanent roads and for the determination of the location of those roads, Bakersfield will be represented by a committee headed by Charles A. Barlow, acting under authority of the Chamber of Commerce, and the county's claims to recognition for a road from Bakersfield, running up the Kern River and along the South Fork to Sonoma, will be presented.

Acting with Mr. Barlow on the committee will be the following: William Angus Crites, Alfred Harrell, Alex Wark, C. L. Taylor, George Habersfield, J. M. Jameson and H. C. Katsie.

Kilby of Redlands. This lad last year stopped the 449 in 48 seconds and will try to shave this at the coming college conference meet.

PEBBLE BEACH POLOISTS WIN.

(EXCLUSIVE DISPATCH.) CORONADO, March 20.—The final game of the Coronado polo handicap competition today resulted in a victory for the Pebble Beach team of Del Monte. The score today was 10 to 9 in favor of Pebble Beach over Coronado. On Tuesday Pebble Beach also won. Rainy weather caused the postponement of the game but at 5 o'clock, when it cleared up, the game was decided to play it out.

The score was: Pebble Beach—Col. C. H. Westhaver, 3; No. 2, Eric Pedley, No. 3; Col. W. G. Devereaux, 4; No. 4; G. M. Hecsher, 4; total goal 21; Coronado—total goal 10; net score, 10 to 9. Coronado: No. 1, Capt. R. G. Ervin, 6; No. 2, Col. Max Pischelmann, 4; No. 3, Maj. W. A. Robertson, 2; No. 4, Maj. Colin G. Ross, 1. Total correct goals 11; by handicap 5 goals, penalties four against Robertson, 4; net score, 9 to 10.

A general mounted sport program for Saturday has been arranged by the polo players to be given in connection with the polo game. The programme will begin at 2 o'clock. The final game of the polo tournament will be played Sunday afternoon at 2 o'clock.

SECURES FIEDLER FROM PHILLIES.

(BY A. P. NIGHT WIRE.) SACRAMENTO, March 20.—Marion McGuffigan, who played second base for the Philadelphia National League club last year, has been secured for the Sacramento team of the Pacific Coast League. Manager Rodgers announced today. McGuffigan is a native of Philadelphia and is 25 years of age. He is expected to play for the shortstop position.

173; Harry McNamara, 174; Alexander Morrison, ex-Manual Arts, 174; T. P. Low, 174½; Jack Darr, 177; J. J. Parkinson, 182; William Amor, 193; W. T. Bell, 184; B. Morrison, 181.

Buy Your Tires as you Bought Your Truck

You did not sit in the seat or toy with the steering wheel when you bought your first truck—did you? Appearance, atmosphere, comfort did not count. Facts and efficiency—the will and the stamina to do the work—you chose on this basis alone. Buy your truck tires the same way! Seek facts and figures—such as GOODRICH offers you in DE LUXE Truck Tires. Facts like these—B. Leas, 1261 Third Ave., New York; De Luxe Truck Tires applied to 8-ton truck, Inter-city service, Sept. 1, 1915—today only half worn—letters "GOODRICH DE LUXE" easily readable. Distance traveled, 23,000 miles. Also—Mt. Prospect Creamery Co., Chicago, fleet average of 20,000 miles on country roads from De Luxe.

Right here, in your own town, De Luxe Tires are making cost-cutting records—let us show you them.

Just-Crackel Rubber Co. 1317 S. Hope St.

GOODRICH DE LUXE TRUCK TIRES

Have you tried Tuxedo in the New Tea Foil Package? It has many advantages—Handier—fits the pocket. No digging the tobacco out with the fingers. Keeps the pure fragrance of Tuxedo to the last puff. Not quite as much tobacco as in the tin, but—10c.

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

"Your Nose Knows"

The company gets the money to pay the \$100,000 bond on interest-bearing notes which it deposited with the Federal Reserve Bank of New York. The general land in Wall street had been sold for \$100,000, and the Metropolitan did not want to pay for the \$100,000 bond during the war.

FOOD PRICES DROP 6 PER CENT IN FEBRUARY.

(BY A. P. ZIMMERMAN.)

WASHINGTON, March 20.—Although food prices showed a decline of 6 per cent during the month of February, the price of meat has risen since the war broke out last year. Many of those selling in foreign markets are still at a profit.

The following table shows the percentage change in prices:

Commodity	Percentage Change
Corn	-1.7
Wheat	-1.8
Oats	-1.9
Rye	-2.0
Buckwheat	-2.1
Sorghum	-2.2
Millet	-2.3
Barley	-2.4
Flour	-2.5
Beans	-2.6
Lentils	-2.7
Pulses	-2.8
Peas	-2.9
Onions	-3.0
Potatoes	-3.1
Cucumbers	-3.2
Eggplants	-3.3
Tomatoes	-3.4
Cauliflower	-3.5
Broccoli	-3.6
Kale	-3.7
Cabbage	-3.8
Carrots	-3.9
Spinach	-4.0
Lettuce	-4.1
Peppers	-4.2
Eggplant	-4.3
Zucchini	-4.4
Squash	-4.5
Pumpkin	-4.6
Winter squash	-4.7
Summer squash	-4.8
Cornmeal	-4.9
Whole wheat flour	-5.0
White flour	-5.1
Pastry flour	-5.2
Baking powder	-5.3
Salt	-5.4
Sugar	-5.5
Honey	-5.6
Butter	-5.7
Eggs	-5.8
Milk	-5.9
Cheese	-6.0

It is estimated that the total amount of food consumed in the United States during the month of February was valued at \$1,000,000,000. The value of the food consumed in the same month of the previous year was \$1,060,000,000. This represents a decrease of 6 per cent.

The following table shows the percentage change in prices for various commodities:

Commodity	Percentage Change
Meat	+1.0
Poultry	+1.1
Fish	+1.2
Dairy products	+1.3
Vegetables	+1.4
Fruits	+1.5
Nuts	+1.6

WOMAN BATTLES FOR HER HONOR

Munro Sensation "Vampire" Alleges Conspiracy.

Names Zinc Magnate, Wife and Lusk in Suit.

Says "Plotters" Mistreated and Imposed on Her.

"I am fighting for my honor as well as my legal rights. I have been cruelly mistreated and imposed upon by the man in whom I had implicit faith, and I intend to test the justice of the courts."

So declared Miss Clara Eunice Barker, former resident of the exclusive Verdugo section of North Glendale, in explaining yesterday her reasons for filing suit against Charles W. S. Munro, wealthy former zinc manufacturer of Trenton, N. J., her one-time friend and companion, whose marital troubles—including an alienation suit for \$40,000 brought by his wife, Mrs. Grace Munro, against Miss Barker, charging the theft of Munro's affections, and his subsequent arrest on a statutory charge at the instance of the wife—have recently furnished a sequence of sensational actions in the Los Angeles courts.

In her suit, filed by Attorney De J. J. Brady, Miss Barker also names Mrs. Grace Munro, Wilbert O. Lusk, a local realty operator and partner of Munro, his wife, Mrs. Doris Lusk, and several John and Mary Does. The suit was filed simultaneously with the dismissal of the statutory charge against Munro by his wife, which had been set for hearing yesterday before Justice Frank S. Fox.

CHARGES CONSPIRACY.

Miss Barker's action is based upon allegations of conspiracy in which Mrs. Munro, Mr. Lusk and Mrs. Lusk are named. Her complaint asserts that she was deprived of her property, including a \$100,000 automobile, and a \$100,000 house, and that she was forced to dispose of her property. She demands damages of \$1,000,000 for the loss of her property, and \$100,000 for the loss of her reputation.

With the suit also is disclosed the reason for the failure of Mrs. Munro's attorney to obtain a judgment on Miss Barker in Los Angeles in the alienation suit. According to the allegations, she was spirited away from the Glendale house on February 28, in order to escape the seizure of her property by Munro and Lusk. She was taken to the former home of Mr. and Mrs. Lusk, where she was kept for two days under "coercion and threats." Subsequently, she was taken to a "private" and "exclusive" hotel, where she was kept for two days under "coercion and threats." She was then taken to a "private" and "exclusive" hotel, where she was kept for two days under "coercion and threats."

Miss Barker says she was persuaded by Munro and his partner to go to Salt Lake City. Mrs. Munro filed an alienation suit similar to the Los Angeles action. On the same day, she was taken to a "private" and "exclusive" hotel, where she was kept for two days under "coercion and threats." She was then taken to a "private" and "exclusive" hotel, where she was kept for two days under "coercion and threats."

Mr. Kahn was president founder of the Jewish Orphan Home of Southern California, and interested himself in many charities. He was a member of the Los Angeles Athletic Club, the Chamber of Commerce, San Gabriel Country Club, Scottish Rite Masons and was a Shriners.

He leaves his widow, Mrs. Gertrude D. Kahn, a daughter, Miss Lillian May Kahn, and a son, Ivan Kahn, who arrived last night from Camp Kearney for the funeral. He has just returned from France, having enlisted the day of the declaration of war.

Acting as pallbearers at Mr. Kahn's funeral were: H. Hallman, Joseph P. Lusk, Adolph Fleischman, Joseph H. Marks, John Beck, Mr. Kahn's business partner; Samuel Goldwater, Karl Steinlein, Ben H. Meyer, George Mosbacher, Dr. Henry Lissner and Dr. Philip H. Newman. The body is to be taken to the Home of Peace cemetery. The funeral services are to be private.

Sues Four, Charging Conspiracy.

Miss Clara Eunice Barker.

WOULD BUILD LOOP TO LINK CAR LINES.

BEFORE-WAR PROJECT TAKES ON NEW LIFE WITH FILING OF PETITIONS.

A project for the betterment of car service on several lines serving the western and northwestern portions of the city and at the same time relieving traffic congestion in portions of the downtown shopping district, which was started several months ago, but held up by the war ban on public improvements, took on new life yesterday.

Petitions and communications on the subject were presented at the session of the Council yesterday and referred to its Public Utilities Committee.

The petitions ask for the improvement of car service on the Western-avenue, Hollywood-drive and Temple-street car lines, by the construction of these lines in a loop system. The petitions state: "By constructing a half-mile of track on Melrose avenue, between Western-avenue and Normandie-avenue, connecting the Western-avenue and Hollywood-drive lines, and half a mile on Melrose avenue, between Hollywood-drive and Normandie-avenue, connecting the Hollywood-drive and Temple-street lines, a complete loop would be formed, on which cars could be run in both directions."

"Cars would be run via the present Western-avenue line from Seventh and Broadway, thence east on Melrose avenue; thence, using private tracks, through the city to Broadway and down Broadway to Seventh, and vice versa."

TO PROVIDE FARMS FOR SERVICE MEN.

MORE QUESTIONNAIRES FOR THOSE WITH BACK-TO-THE-LAND LONGING.

Register Groves and Recluse Mitchell of the local Land Office yesterday received a high shipment of questionnaires to be used by returned soldiers on the lookout for a government farm under the bill now pending in the Senate appropriating \$100,000,000 for the reclamation of the waste lands of the country. The first consignments of this literature were quickly taken, but the land officials announce that they have a sufficient number of callers.

These questionnaires, which must be signed by the soldier and may be obtained from the local Land Office, are for the purpose of securing information as to the needs of the returned soldier for a farm. The objects of the government in caring for the returned soldier by allowing him to secure a farm include that of of immediate job for the man himself; that of protecting the labor market against any possible collapse by being swamped with a surplus of labor; that of providing many lines of re-established industry with an immediate demand for their products; that of providing the movement toward the cities and therefore more completely decentralizing our population; affording to our soil a large number of the best-proved citizens; the roughing out of the most modern pattern of farm settlement, in which the social side of human nature is given consideration, and that of bringing into use those great areas of our land which now lie neglected and of no value to the world.

Statistics show that there are in the United States 225,000,000 acres of what are known as cutover land, and a total of 79,000,000 acres of swamp land all of which it is proposed to utilize under the pending Congressional legislation.

POSTOFFICE IS HIT BY TWINE SHORTAGE.

Owing to the failure of Congress to pass what is known as the third despatch appropriation bill, there is a shortage of twine in the operations of the Postoffice Department. All postmasters who have on hand a few pounds of twine that will not be used, are required to communicate at once to the division of equipment and supplies.

VENUS PENCILS

The Scandal by which all politicians are judged

WE CURE Piles, Fistulas

And All Rectal Diseases WITHOUT AN OPERATION

For twenty-five years we have been curing diseases of the lower bowel. During that time our experience has convinced us that the method that is superior to others. We cure without surgery. Patients are not confined in bed and seldom lose a day of their business.

Here are some of the persons who have been cured of their condition, and would not go back to the old life for anything.

Dr. C. H. WHITE Rectal Specialist

SAUNDERS TO SIGN AND—

Germany to be Pe on Peace Ter Declares

PARIS, March 21.—"The first peace possible," said David Lloyd George, in a statement printed in the "Daily News," is the aim of the British government.

The first fourteen articles of the League of Nations covenant, which the British government is now presenting to the German government, are dependent upon the acceptance of the League of Nations.

After completing the examination of the first fifteen articles of the League of Nations covenant, the representative of the neutral states, in conjunction with the committee of the League of Nations, had before them for examination today the remaining articles of the covenant.
